Honcha

3,000 yen/12 bottles

For the health of every day

Honcha enables you to consume
every natural nutrients the green tea contains.

Almost 70% of the nutrients are
discarded. Since most of the
valuable nutrients such as
β-carotene and Vitamin E are
insoluble, it is impossible to
consume those important
nutrients with infused tea.

Shizuoka-cha
and Yame-cha
are also available!
